=====
PRICING
=====
Building Components \$
PANEL PACKING 3 sets \$

Subtotal \$
Building Freight \$
Detail/Draft Fee \$
Extra Perlin for roof (1) \$
Extra Girt for wall (1) \$
Extra colored wall sheets (2) \$
Extra roof sheets (2) \$
Extra bolts and screws \$

TOTAL COST \$

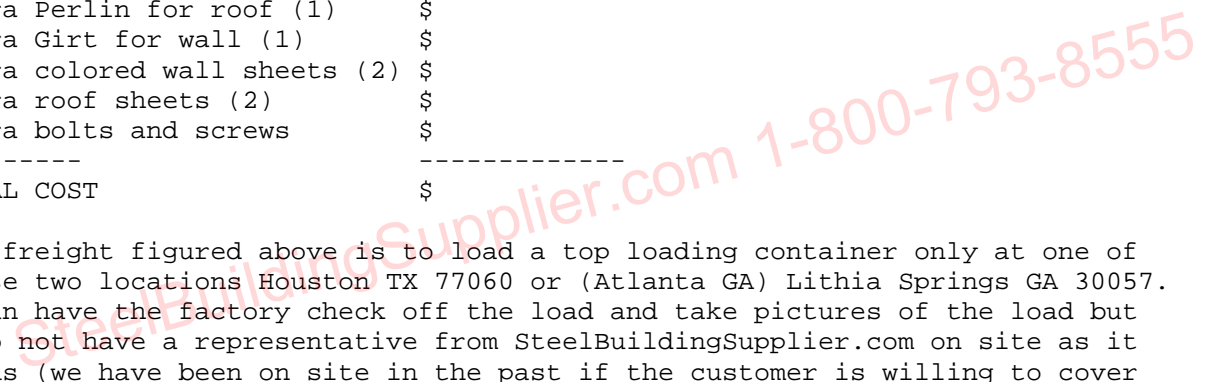

The freight figured above is to load a top loading container only at one of these two locations Houston TX 77060 or (Atlanta GA) Lithia Springs GA 30057. I can have the factory check off the load and take pictures of the load but I do not have a representative from SteelBuildingSupplier.com on site as it loads (we have been on site in the past if the customer is willing to cover the cost). Other charges will apply if the container is not a flat rack or top loading type.

The "Extra" material listed above is the very minimum we figure to assure the building can be assembled if parts are damaged in shipping.

Our terms for export are 30% down and the building needs to be paid in full 10 days before loading for export.
